Victor FENEIS

Industrial Engineering & Materials Student · MAE Double Degree

Mines Nancy · IAE Nancy - Université de Lorraine

+33 6 52 60 60 35 | victor.feneis@gmail.com | Rountzenheim, France | linkedin.com/in/victor-feneis-866265279

Engineering student in Industrial Engineering & Materials (Mines Nancy), on a double degree with the MAE, an MBA-equivalent Master (IAE Nancy). Drawn to improving business performance. Looking for a final-year internship of at least 25 weeks from 22 March 2027.

Education

Mines Nancy - Université de Lorraine | *Industrial Engineering & Materials* 2024 - 2027

- *Industrial engineering:* production, supply chain, continuous improvement and decision support.
- *Materials:* materials and processes, between technical innovation and economic stakes.

IAE Nancy - Double degree | *MAE, MBA-equivalent Master (taught in French)* 2026 - 2027

- Finance & accounting · Management control · Strategy & management · Economics & law

Prior path | *Vocational Bac and BTS in Vehicle Maintenance (work-study) → ATS prep class* 2018 - 2024

Professional Experience

Procurement Transformation Intern | *Chanel (G&F Châtelain)* Switzerland - 04/2026 - 08/2026

- *Supplier risk:* risk-analysis tool (~200 suppliers) supporting strategic supplier management.
- *Data & reporting:* ~20 Power BI views (spend, risk, performance), SQL, VBA.
- *Procurement processes:* onboarding and due-diligence procedures, support for tenders.

R&D Engineering Intern | *Stellantis - Belchamp Technical Centre* France - 03/2025 - 08/2025

- *Testing:* test protocols for a coated brake-disc prototype (new material, Euro 7 standard).
- *Analysis:* test-data processing, deviation analysis and reports for the R&D teams.

Automotive Maintenance Apprentice | *Garage Feneis* France - 09/2018 - 09/2023

- Vehicle diagnostics and repair; supplier and customer relations (work-study during the Bac and BTS).
- 1st place, BMW France National Apprentice Competition (04/2023).

Used-Vehicle Trading | *Independent activity* France - 2018 - 2023

- 10+ vehicles sourced, assessed, negotiated and resold.

Skills

Technical skills

- *Industrial engineering & production:* Lean (Yellow Belt), Visual Promethee, Arena Simulation, ERP Odoo, ProConcept
- *AI & automation:* Agentic AI, Claude, Claude Code, n8n, OpenClaw, Power Automate
- *Programming & data:* Python, VBA, SQL, Power BI
- *Office & other:* Word, Excel, PowerPoint, Terminal

Soft skills

- *Collaboration & adaptability:* at ease with all kinds of stakeholders
- *Field & engineering versatility:* a concrete, technical and managerial view
- *Global issues:* economic, environmental and social
- *Optimisation:* curious about new tools that improve how things work
